

Design Intern

Do you enjoy designing? Do you want to be a part of a young and cool team?

We are looking for a dedicated design intern to join our team at NorthQ, Copenhagen, Denmark for a period of 4 months. Please note that the position is unpaid.

Who are we?

We are a Danish technology company, specialized in Internet of Things with a main focus on designing, developing and manufacturing home automation and energy optimization solutions. We want to improve people's life and to make it more sustainable, helping our customers to save money on energy in their homes and offices with easy to use quality products. International environment. To achieve this goal, we create an international environment which supports new ideas generation and fresh perspective on Home Automation solutions.

Who are you?

You are a hardworking person, who is not afraid to take initiative to make things happen, and has previous experience with graphic design or related (your previous works portfolio would be appreciated). You will be working hands-on with our marketing team however, you will get a big portion of independence to develop your ideas therefore you should be confident to take responsibility for your actions.

You are a passionate and committed person. You have a good knowledge and experience with mainly Photoshop, Illustrator and InDesign. Experience in web design / 3D / UX is an advantage. You are based in Copenhagen or the nearby. You are available as soon as possible.

We appreciate people who:

- Have good analytical and problem solving skills with the ability to analyze information and work with team spirit.
- Are creative and not afraid of trying.
- Proactive and motivated to create cool stuff inside a team.
- Are team players.
- Have great attention to details.
- Can translate our company values into great visuals.
- Are eager to learn and experiment.

Your Tasks:

- Creating inspirational and eye-catching online and offline content.
- Produce visuals for our website, newsletters, brochures, and other digital and offline assets.
- Picture crafting and editing, according to the needs.
- Other design related tasks.
- Cooperate with the marketing team and the rest of the team to match visual design and execute it.
- Supporting the team and their crazy ideas.
- Getting involved in our business processes with ideas and insights.

What will you get?

- Being part of a cool team, and a young and entrepreneurial environment.
- Invaluable experience in a growing start-up, every day is a new challenge!
- Flexible hours and tasks.
- Friendly working environment with great networking possibilities.
- Space for your input, creativity and growth.
- Full responsibility in your field / tasks.
- Lunch and decent amount of fruits! Coffee is unlimited!
- Possible job contract if you demonstrate technical, creative and human skills!

The position requires that you are working in the office along with the team, but we love flexibility.

Send your application and few lines explaining why you are the right person to hr@northq.com. Please do not forget to explain what is your motivation to be part of our team.
